IDENTIFIERS	*Alabama

ABSTRACT

Data on aspects of Alabama's private and public higher education are presented, including current enrollment, first-time entering students, revenues and expenditures, tuition and required fees, average faculty salaries, degrees conferred, and libraries. Enrollment data are tabulated by general characteristics, fall enrollment trends since 1978, institution type (public, private, four-year, two-year, technical college, first professional health sciences, veterinary medicine), full- and part-time students, gender, racial composition, selected disciplines, and full-time-equivalencies. Many tables give data for each institution. Information on first-time students includes in-state and out-of-state enrollment of degree-seeking students in public four-year institutions. Revenue and expenditure data show trends since 1978-79 for public four-year, two-year, and technical institutions. Graphs and charts show information on in-state and out-of-state tuition and fees since 1985-86 for all public four-year, two-year, and technical institutions by degree level. Average faculty salaries are computed by gender and rank for four-year institutions and by gender in two-year and technical colleges. Degrees conferred at each level are charted and tabulated for recent years by field of study, gender, and sector. For libraries, personnel statistics, revenues and expenditures, library resources, and services and facilities are detailed by institution. (MSE)

MEMORANDUM

TO: Recipients of the Statistical Abstract

FROM: Joseph T. Sutton
Executive Director

DATE: June, 1989

The "Statistical Abstract 1988-89: Higher Education in Alabama" provides data and reference information on Alabama's public institutions of higher education as well as private universities and colleges. This document is published by the Office of Information and Fiscal Systems as a service to those requiring such data and information. Further inquiries should be directed to that department.

As we celebrate our twentieth year of existence, we continue to seek improvements in our publications. We hope you will find this publication useful, but we gladly welcome suggestions you may have for the improvement of future editions.

Alabama Department of Postsecondary Education Fall Enrollment Reports, 1978-1985;
Integrated Postsecondary Education Data System (IPEDS), Fall Enrollment, 1986 - 1988.

NOTE: For years many two-year institutions were not included in the Higher Education General Information Survey (HEGIS) universe, so that for coverage purposes, headcount enrollments defined by the Alabama Department of Postsecondary Education were reported. With the establishment in 1986 of the Integrated Postsecondary Education Data System (IPEDS), ALL INSTITUTIONS will be covered. For consistency across higher education, headcounts for two-year colleges will be reported as defined under IPEDS. The counts differ by the exclusion of students not enrolled for degree/award credit.

SOURCE: Alabama Department of Postsecondary Education Fall Enrollment Reports, 1978-1985; Integrated Postsecondary Education Data System, (IPEDS), Fall Enrollment, 1986 - 1988.

NOTE: For years many two-year institutions were not included in the Higher Education General Information Survey (HEGIS) universe, so that for coverage purposes, headcount enrollments defined by the Alabama Department of Postsecondary Education were reported. With the establishment of the Integrated Postsecondary Education Data System (IPEDS), in 1986, ALL INSTITUTIONS will be covered. For consistency across higher education, headcounts for two-year colleges will be reported as defined under IPEDS. The counts differ by the exclusion of students not enrolled for degree/award credit.

* Includes class in mining technology.

SOURCE: ACHE Credit Hour Production Reports for Fall.

a. FTE (full-time equivalent) = Fall Undergraduate hours divided by 15, graduate-1 (master's level) hours divided by 12, and graduate-2 (doctor's level) hours divided by 9. The divisors 15, 12 and 9 are considered the standard credit course load taken by a full-time student at the undergraduate, master's and doctor's level respectively. Each first professional student is counted as one FTE. Includes health sciences and first professional students.

b. Includes Phenix City and Bay Minette.

c. Includes Fort Rucker.

d. Includes Maxwell.

SOURCE: Annual Statistical Reports filed by the Institutions with the Network of Academic Libraries for the year October 1, 1987 - September 30, 1988.

The Alabama Commission on Higher Education was created by the Legislature in 1969 to coordinate public higher education in Alabama. The Commission is composed of 12 lay citizens who serve staggered nine-year terms. Ten are appointed by the Governor, one by the Lieutenant Governor and one by the Speaker of the House.

The Commission, which meets at least four times annually, is responsible for the overall statewide planning and coordination of higher education in Alabama, while also administering a variety of student aid programs. To assist in its work, the Commission employs a professional staff which is organized into two divisions -- Planning and Coordination and Student Assistance.

The Planning and Coordination staff aids the Commission in reviewing and approving programs; formulating annual budget recommendations; establishing long-range goals; collecting and disseminating data; formulating statewide policies; conducting studies; regulating off-campus instruction; regulating non-Alabama institutions operating in the state; and offering advice and assistance on higher education matters to the Governor, the Legislature, the institutions and the citizens of Alabama. The Student Assistance staff assists the Commission in administering student loan, grant, and scholarship programs. These programs include Alabama Student Assistance Program; Alabama Guaranteed Student Loan Program; Alabama Student Grant Program; Alabama National Guard Educational Assistance Program; Emergency Secondary Education Scholarship Program; State of Alabama Chiropractic Scholarships; Police Officers and Firefighters Survivors Educational Assistance Program; and Alabama Higher Education Loan Corporation.

In addition, other statewide programs sponsored or administered by the Commission include Alabama Universities-TVA Research Consortium (AUTRC); Alabama Eminent Scholars Program; Network of Alabama Academic Libraries (NAAL); Academic Common Market; Consortium for the Advancement of Foreign Language Education; Computer Competency Program; Experimental Program to Stimulate Competitive Research (EPSCoR); and Small Business Development Consortium.
